

Minnesota French Spaniels Policy and Guarantee

Costs: Pups may be reserved from Minnesota French Spaniels for a deposit of \$200 dollars. Litter picks will be determined in order of deposits received. The owners of Minnesota French Spaniels reserve the right to the pick of the litter should a pup meet future breeding needs. The deposit will go toward the purchase of the pup. The deposit is non-refundable. Deposits will roll over to the next litter if there are not enough pups or preferred gender is not available in that litter. The price of the pup is \$1,000. The purchase price includes first round of shots, dew claw removal, two vet exams and registry/transfer fees.

An additional charge of \$100 is added to pups that we ship. This cost covers: An additional airline required veterinary examination, travel voucher required by airlines, travel kennel and the cost of traveling to the airport.

Shipping costs are determined by available flights and destination. Shipping cost will be paid by customer C.O.D. Pups will be shipped upon receipt of full purchase price.

Preferred Gender: Put **1st** in preferred choice of gender. **2nd** in next choice if willing to take other gender should first choice not be available:

Male _____ Female _____

Guarantee: We at Minnesota French Spaniels have the responsibility to provide you a healthy, well socialized puppy which contains all the necessary attributes needed to become everything you are looking for in a hunting dog and/or a family pet.

We do guarantee the pup's health for 12 months, but make no guarantees as to hunting abilities of individual pups. It is the owner's responsibility to spend the required training time to bring out the highest potential of the pup. We will advise and help in any way we can as you train your new pup.

Pups will leave our kennel with all the proper shots and veterinary health checks. We will replace or refund your purchase price if a legitimate health problem is detected that results in death or the euthanization of the dog. In addition, documentation by veterinary examination provides absolute proof that the cause of illness or defect was the fault of the breeder. We will do so only upon the receipt of the pup and a veterinary health certificate detailing illness or defect. We will not be responsible for any veterinary costs in lieu of replacement pup.

All of our dogs are OFA certified (Orthopedic Foundation for Animals) and determined to be clear of hip dysplasia before we will breed them. If hip dysplasia occurs in the first 24 months, Minnesota French Spaniels will replace the pup upon transfer of registration papers and proof of neutering or spaying. The breeder is not liable for any treatment unless agreed upon in writing by the breeder in lieu of providing a replacement pup.

Owner responsibilities: The purchaser agrees to maintain the dog in a humane environment and to properly train, socialize and care for it. The dog will also be properly licensed and receive appropriate veterinary care and scheduled inoculations. **Non-Breeding Agreement: Owner or owners of said pup will agree not to breed this dog. Pups will be registered under the non-breeding portion of the pedigree.**

Purchase agreement should be sent in with the \$200 deposit. Fill out purchaser info below.
